

Hangzhou Toworld China introduces Dope Dyed Yarn

Shi Feng
Director
Hangzhou Toworld
Import & Export
Co. Ltd

“We are introducing Dope Dyed Yarn here at the platform of 9th Textile Asia 2012. We are participating in Textile Asia for the first time and it's a good experience. We feel good about the response from visitors. We also represent an international brand and about the Event, we would say that the environment of the Event is important for us. Products with Good Quality and best competitive price are our Unique Selling Point (USP) and we believe Textile Asia is the big Event in Pakistani market, that's why we are here from China.”

We are participating in Textile Asia for the 6th time and feel very nice and proud to be the part of this event. Being appreciated by the visitors is obviously a nice thing. We represent TreePaint Software Italy, Martel Italy; Pozzi Italy; Pinter Spain, Argus Fire Control USA, Fortex China. We have Multiple Products to promote here.”

Rubber Thread from Thailand now comes to Pakistan

Yuan Chang (Michael)
Oversea Sales &
Marketing Manager
World Flex Public
Co. Ltd

We are presenting Rubber Thread (manufactured) from Thailand, Bangkok. We are largest producer of Latex in the world since 1969. This one is the subsidiary of our Theitax group engaged with the Rubber Thread Business and its Public Limited Company. We are participating for the 1st time in Textile Asia and feel good being a part of this event. We represent Rubber Thread, Medical gloves, Latex and its export all over the world. Textile Asia is useful for coming close to the manufacturer and users; it is a bridge which can be used by both buyers and sellers to interact to have a better understanding.”

Spare Parts of Embroidery Machines Introduced By Shenzhen Shanlong

Julianne
Marketing Assistant
Shenzhen Shanlong
Computer Equipment
Co. Ltd

“We are here introducing spare parts of embroidery machines; value added a little bit modes with a rapidly high price. It's new software introduced in Pakistan for this machine, our task is specializing in integration of devising, developing, manufactory sales and services of computerized control system. This is our 2nd time participation in Textile Asia and this is very influential event it could be used for promotion of our company brands because they wouldn't be introduced to Pakistani buyers directly, our software is customized.”
